

# *xfair* 2015

**February 2nd, 2015**  
MIT, Rockwell Cage

---

## **WHAT IS XFAIR?**

We're more than booths, name tags, and blazers — we're a career fair and an expo combined, resulting in a showcase of raw talent, raw ideas, and raw passion. With over 2000 undergraduate and graduate students in attendance, xFair is MIT's largest winter/spring career fair.

## **WHY XFAIR?**

At xFair, companies can showcase their products and services to thousands of MIT's best and brightest students in order to build their brand at MIT and to give our students a better idea of what they would be working on during a potential internship or job. Companies can recruit the brightest young minds to make their vision come true.

We also showcase the best of MIT student talents by bringing in student projects, from flying vehicles to self-made 3D printers, contributing to xFair's interactive and engaging atmosphere.

The table on the next page outlines the benefits of sponsoring xFair and the various sponsorship tiers suited for different levels of commitment to sponsorship.

## **INTERESTED?**

Contact our corporate relations team at **[xfair-cr@mit.edu](mailto:xfair-cr@mit.edu)**. We'd love to hear from you.
